Division Description

The Office of the State Appellate Public Defender was created in 1998 by House Bill 840 during the Fifty-Fourth Idaho Legislature. The intent of the legislation was to create a Capital Crimes Defense Fund to help defray the cost of capital litigation at the trial level for Idaho counties. Additionally, the intent of the legislation was to create the Office of the State Appellate Public Defender to reduce the cost of legal representation of indigent defendants upon the appeal of their criminal convictions, particularly for first-degree murder, which had been an expensive and unpredictable burden on the counties. In addition, there had developed the perception that because of the different degree with which some counties could respond financially to this demand, it was possible that justice could be pursued unevenly throughout the state. The services of the State Appellate Public Defender are only available to those counties who participate in the Capital Crimes Defense Fund. The State Appellate Public Defender provides services in the following areas:

- 1) Appeals from convictions in district court.
- 2) Appeals from the district court in post-conviction relief proceedings brought pursuant to the uniform post-conviction procedure act.
- 3) Appeals from the district court in habeas corpus proceedings.
- 4) Post-conviction relief proceedings in capital cases.

Removes the PERSI rate increase and changes benefit costs to reflect a 3.5% or \$250 per FTP increase in health insurance costs. However, the change in health insurance providers, from Blue Shield to Blue Cross, has created a one-time opportunity to use unexpended reserves from the previous contract. This decision unit provides for a health insurance premium reduction equal to two month's premiums for both the employer and employee. Finally, a life insurance holiday is included equal to seven month's premium for the employer's share only.

1. Staff Raises

Funding is requested for a three percent salary increase for most employees, with three staff positions receiving more than three percent. One of those positions is a support staff position, who despite having similar responsibilities, currently makes about \$4,500 less on an annual basis. Two other employees have been assigned additional management responsibilities in the Appellate Unit, in addition to their existing caseload. To properly compensate for this additional responsibility, one attorney would receive a twelve percent increase, for a \$5,900 raise, while another attorney would receive a sixteen percent raise for an amount of about \$7,600. This would result in both of them receiving an annual salary of \$55,000.

2. Support Staff

Currently, the SAPD has two staff serving as support for eight attorneys. Existing support staff include one paralegal and one administrative position. In the past, temporary positions, as well as, interns from Boise State University have also been used to assist in this effort. With the addition of three attorneys that were authorized this year, however, the workload has increased substantially. Funding is requested to add two administrative assistants to help ensure that all cases are handled effectively and efficiently. Of the amount requested, \$7,500 is one-time.

Budget by Decision Unit FTP General **Dedicated Federal** Total 3. Conflict Case Contracts Idaho Code, §19-871, states that: "Should the state appellate public defender be unable to carry out the duties required in this act because of a conflict of interest or any other reason, the state appellate public defender shall arrange for counsel for indigent defendants to be compensated out of the budget of the state appellate public defender." Because of this and because there was a \$20,000 increase in the cost of conflict services in fiscal year 2005, funding is requested to help cover these costs in fiscal year 2007. 0.00 15.000 Agency Request 15,000 Not recommended by the Governor.
